

# Program – Hatchery Training Manila, Philippines or online 25-27/03/2025

## 1<sup>o</sup> day Tuesday 25/03

Subject	Timing		
Introduction	0:15	8:30	8:45
How it all starts: egg and embryonic development	0:45	8:45	9:30
Q&A and break	0:30	9:30	10:00
Good hatching egg management leads to quality chicks	1:00	10:00	11:00
Basic principles of incubation and daily embryonic requirement	1:30	11:00	12:30
LUNCH	1:00	12:30	13:30
Interpretation of lab results	0:45	13:30	14:15
From chick pulling to chick holding, a journey through chick handling	1:00	14:15	15:15
10 days break out and hatch debris	1:15	15:15	16:30
Wrap up	0:10	16:30	16:40
Dinner	19:00		

## 2<sup>o</sup> day Wednesday 26/03

Subject	Timing		
Is on farm hatching and early feeding the way to go forward?	1:00	8:30	9:30
Nutrition influence on hatchability, eggs and chick quality	1:00	9:30	10:30
Q&A and break	0:30	10:30	11:00
In Ovo, a new world opens in a closed shell	1:00	11:00	12:00
Optimal embryonic conservation during long egg storage	1:00	12:00	13:00
LUNCH	1:00	13:00	14:00

Optimal condition of chicks in hatchery and during transport	1:00	14:00	15:00
Hatchery vaccination SOP and quality control	1:00	15:00	16:00
Wrap up	0:10	16:00	16:10
Dinner	19:00		

### 3<sup>o</sup> day Thursday 27/03

Subject	Timing		
How to prepare the poultry houses before chick arrival	0:45	8:30	9:15
Perfect chick quality and brooding management a need for a good start on the farm	0:45	9:15	10:00
Gut health management in early chick life	1:00	10:00	11:00
Q&A and break	0:30	11:00	11:30
Biosecurity in the hatchery	1:00	11:30	12:30
Most appealing diseases, influencing hatchery performance	1:00	12:30	13:30
LUNCH	1:00	13:30	14:30
Practical session egg break outs	2:00	14:30	16:30
Evaluation test for certification	0:20	16:30	16:50
Wrap up & Certificates	0:10	16:50	17:00
